Antique BEECH/MAPLE

RECLAIMED FLOORING – TIMBER FROM AGED STRUCTURES

A medium-density hardwood from Northeast Ohio's most common forest community at the time of European settlement, reclaimed Antique Beech/Maple – with minimal color and grain variations – combines honey and tawny blonde hues with hints of pink for a stunning, light-colored floor that will brighten any room in your home.

Our reclaimed Antique Beech/Maple wide plank flooring hails from old barns in the American East and Midwest, including the beams used to support the structure. Each hand-selected hardwood flooring plank displays inherent features that epitomize naturally aged, distressed and weathered wood from some of our nation's oldest forests.

DISTINCTIVE ATTRIBUTES

Our Antique Beech/Maple reclaimed wood flooring blends several lighter wood tones with the character of tiny, cat-like scratches, as well as some knots, sound cracking and insect tracks.
