VINTAGE HICKORY

TRADITIONALLY MILLED – THE WAY THEY USED TO DO IT

Characterized by a blend of light and dark tones and smooth, robust grain patterns, our traditional Vintage Hickory presents a wood of unparalleled strength and hardness in its most rustic form. Vintage Hickory brings to your home the towering grandeur of the forests that dominate America’s East and Midwest.

DISTINCTIVE ATTRIBUTES

Vintage Hickory wide plank flooring is milled from fully matured logs that are live-sawn through and through using a 60-inch circular saw blade—imparting its rustic saw-mark texture. Vintage Hickory features wide variations in color – from blondes to deep russet tones – and a delicate balance of sound knots and natural checking. It is the strongest wood commercially available.
