

## TRADITIONAL PLANK WIDE PLANK FLOORING

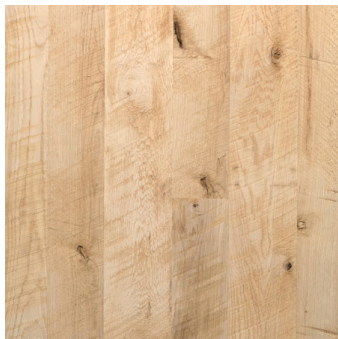

Water-based Polyurethane Pre-finish

Natural Oil Pre-finish

Oil-based Polyurethane On-Site Finish

Unfinished

# MOUNTAIN OAK

## TRADITIONALLY MILLED – THE WAY THEY USED TO DO IT

Characterized by the rugged, unyielding spirit of the Allegheny and Appalachian foothills and peaks, our Traditional Mountain Oak wide plank flooring is live-sawn through an antique, 60-in. saw blade to replicate the look of early milling. Its authentic, rustic appearance is akin to reclaimed hit-skip oak.

With its vigorous mixture of dark and golden browns and honeyed tans, traditional Mountain Oak – known for its quality, strength and beauty – will help you create the perfect, enduring space.

## DISTINCTIVE ATTRIBUTES

Our Mountain Oak wide plank flooring is cut from select, fully mature wood timbers. Durable Mountain Oak hardwood flooring features robust, dense grain patterns, saw marks, sound knots and natural checking.

### ENGINEERED FLOORING SPECS:

Our Traditional flooring featuring real hardwood glued over a plywood core for added stability.

BOARD WIDTHS	3" to 10"*
BOARD LENGTH	2' to 12'
PLANK THICKNESS	5/8" (3/4" & 11/16" available)
WEAR LAYER	4mm
PLYWOOD	8-ply Baltic Birch
FINISH OPTIONS	- prefinished**/ unfinished - authentic hand-scrape - machine hand-scrape - wire brushing - end-matching to 10"

### SOLID FLOORING SPECS:

Replicating early pioneer sawing practices, our Traditional premium flooring is live-sawn from fully mature timber.

BOARD WIDTHS	3" to 12"
BOARD LENGTH	2' to 12'
PLANK THICKNESS	3/4", 5/8", 1/2" (3/8" & 11/16" available) (5/8" up to 8" only) (1/2" up to 6" only) (3/8" up to 4" only)
FINISH OPTIONS	- prefinished**/ unfinished - authentic hand-scrape - machine hand-scrape - wire brushing - end-matching to 12"

\*When not blended with other widths, engineered flooring with 9" or 10" board widths will have a lighter patina face appearance.  
\*\*Prefinish options are only available in plank thicknesses of 3/4", 5/8" and 11/16".

NOTE: Each of our flooring products possess unique characteristics and beauty. While our samples provide a close representation of each species, they are for photo reference only and cannot exactly match the end product.

### EDGE MILLING OPTIONS

specs as shown: solid, on-site sand with oil-based poly finish widths: 4" to 8" lengths: 2' to 10'
